SWIMMING POOL

- Some sessions may be subject to alteration due to galas, matches and courses. These will be communicated, where possible, two weeks in advance via our Updates Page: <http://sport.leeds.ac.uk/updates>

- Pale blue shading on the timetable indicates times when swimming is available (some of which will be in lanes), typically over either 17m or 25m.

- During full pool closures the sauna and steam room will be unavailable.

- Width swimming available during Aqua, Family Swim and weekday Swimming Lessons, this will be in deep water only and is not suitable for non-swimmers.

- The times identified by a greyed out line indicates time when the pool is set up for subsequent sessions.

- An **Equality Impact Assessment** has been carried out as part of the development for this programme and is available on request.

- During the advertised **School Swim** session, the separate male and female changing areas for the pool will be closed. The rest of the village changing area will remain open for the general public.
